

Rondo-Matic 5/5 P/5 E

Compact compression sprayer with maximum resistance to acids and alkalis

max.
3 bar

3

VITON

EPDM

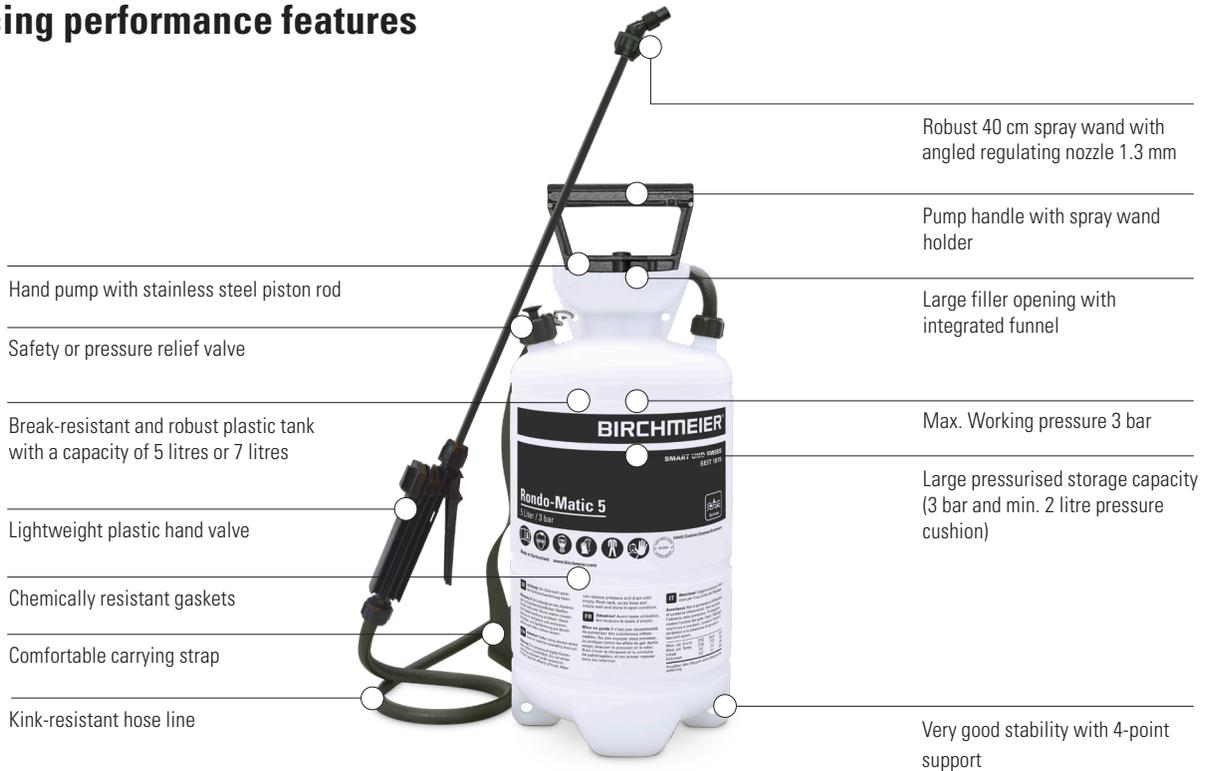

- Break-proof plastic tank with 5 litre capacity (tank capacity 7 litres)
- 3 bar operating pressure
- Lightweight plastic hand valve
- Chemical-resistant gaskets
- Robust 40 cm spray wand with angled regulating nozzle
- Combined pump and carrying handle with spray wand holder
- Smooth-running and powerful hand pump with stainless steel piston rod and low-maintenance sleeve guide
- Simple plug-in system
- 1.5 m pressure hose, exceptionally kink-resistant and chemical resistant
- Integrated filling funnel and pressure relief valve

Made in Switzerland

Convincing performance features

Hand pump with stainless steel piston rod

Safety or pressure relief valve

Break-resistant and robust plastic tank with a capacity of 5 litres or 7 litres

Lightweight plastic hand valve

Chemically resistant gaskets

Comfortable carrying strap

Kink-resistant hose line

Robust 40 cm spray wand with angled regulating nozzle 1.3 mm

Pump handle with spray wand holder

Large filler opening with integrated funnel

Max. Working pressure 3 bar

Large pressurised storage capacity (3 bar and min. 2 litre pressure cushion)

Very good stability with 4-point support

Rondo-Matic 5
Art.No 11622101

Technical specifications

	Mineralöhlhaltige Sprühmittel	Säurehaltige Sprühmittel	Alkalische Sprühmittel
